Welcome to the web page of the 7th Mediterranean Conference on Marine Turtles
(www.7medconf.atomm.net) ! Since the start in 2001, Mediterranean marine turtle conferences gather participants from around the region, and from across disciplines and cultures, who share the common goal:
The conservation of marine turtles and their environment. The Conference presents a platform for enhancing collaboration, exchanging ideas and sharing the state of the art knowledge on sea turtle biology and conservation in the Mediterranean.
